On July 18, President of the Republic of Azerbaijan Ilham Aliyev attended the opening ceremony of nursery-kindergarten No. 1, which has a capacity of 160 seats, in the city of Aghdam.

The construction of the nursery-kindergarten was carried out under the framework of the "First State Program on the Great Return to the Liberated Territories of the Republic of Azerbaijan." Construction began last February.

In February of this year, President Ilham Aliyev and First Lady Mehriban Aliyeva reviewed the progress of the construction.

The preschool facility is fully equipped to ensure children's comfort and to support high-quality education and upbringing. The building includes playrooms, bedrooms, as well as music, dance, and sports halls.

Alongside the resettlement of the population in the liberated territories, consistent efforts are made to build preschool educational institutions. Such projects are an integral part of the restoration and reconstruction efforts in these areas and carry significant importance.
