The delegation, led by Minister of Science and Education Emin Amrullayev, visited several leading higher education institutions in Turkey as part of a visit to the country.

On 27 and 28 February, the delegation met with the Rector of Istanbul Technical University, Hasan Mandal, and the Rector of Koç University Metin Sitti. During the meeting, the parties discussed the prospects of inter-university cooperation. They also got acquainted with the material and technical base and laboratories of the respective universities.

On 1 March, Minister of Science and Education Emin Amrullayev met with Rector of Gebze Technical University in Turkey Haji Ali Mantar and Rector of Yildiz Technical University Eyup Debik. The sides discussed possibilities of cooperation between higher education institutions of Turkey and Azerbaijan.

Minister Emin Amrullayev then got acquainted with the teaching conditions, material and technical bases, and laboratories of these universities.
