On April 7, as part of a trip to Almaty, an Azerbaijani delegation led by Minister of Science and Education Emin Amrullayev visited K. I. Satbayev Kazakh National Research Technical University and met with its leadership.

The meeting was attended by Talgat Yeshenkulov, Vice-Minister of Science and Higher Education of the Republic of Kazakhstan, Meiram Begentayev, Rector at Satbayev University, and Elchin Babayev, Rector of Baku State University.

During the meeting, the sides discussed opportunities for the implementation of joint initiatives in higher education and research. The delegation also toured the university's material and technical facilities.

The Minister of Science and Education, Emin Amrullayev also met with Azerbaijani students from the Azerbaijan State Oil and Industry University who are studying in Kazakhstan under an academic mobility program.
