Relevant specialists assessed the level of professional skills of future barbers. After this process the learners will have production experience within 4 months. Pupils successfully completing the official final exam in June of current year will be able to get unified official document – diploma.

Note that capacity preparation for “Barber” profession is conducted based on joint cooperation agreement signed between Baku Vocational Lyceum No. 18 and “Eldar-studio” Company and with participation of profession specialists of this Company. Learners possess practical knowledge and skills at learning studio supplied with advanced equipment.
