At the event, which have been held within the workers of Education Ministry and UN Children's Fund (UNICEF) in Azerbaijan parties have discussed duties arising from the action plan. There have been made suggestions about issues relating to works, which will be done in the children's protection sphere and perspective plans, as well as about the development of secondary school managements.

Education Minister, Misir Mardanov, addressing to heads of secondary schools, has emphasised the importance of carrying out of training on management and management skills. He has noted that there has been gained the sufficient experience in the organization of training for heads of state children's establishments in the framework of "Deinstitutionalization and Alternative Care State programme in the Azerbaijan Republic." In the framework of the Ministry and UNICEF cooperation, since May 2009 a series of training has been conducted to raise management skills of the staff of secondary schools, Minister Mardanov said. He thanked Mr. Mark Hereward for the fruitful relationship and support.

Mr. Mark Hereward expressing satisfaction with collaboration between Education Ministry and UNICEF office in Azerbaijan, has thanked Mr. Mardanov for paying special attention to reforms in the field of protection and education of children.
