

---

A. Agababa Ibrahimov, Director of Department of education and extra-school institutions, gave information on responsibilities of the department headed by him, allocation of staff duties, and relations with state bodies and non-government organizations. He also talked on works done to implement the orders of the President for conducting anniversaries of famous composers, poets and writers of Azerbaijan. Moreover, there were implemented works to promote the rights of children, fight against drug addiction and human trafficking. What is more, Student Youth Organizations' Union was established, and Education and career exhibition was held last year. Head of the department also informed on the organization of works in the environmental field, and steps taken for development of sport and chess. According to him, there were built new chess school buildings. Furthermore, our chess players have achieved successes in the European and the World championships. He informed that last year our chess players won 15 medals and 10 out of them were gold. Moreover, according to the middle ranking indicators for the beginning of the year Azerbaijan is ranking fifth among top ten countries.

In conclusion, A. Ibrahimov noted organization of tourism events, military-sport games, the first Republican competition "What do I know about Azerbaijan" and artistic-creative fete of students, as well as talked on future obligations.

Habib Zarbaliyev, director of Accreditation department, informed that the department headed by him was established one year ago according to the reforms implemented within the sub component of Development of education system management, and Paragraph 16 of Education Law of the Republic of Azerbaijan. Having talked about rights and responsibilities of the department, H. Zarbaliyev, underlined works done for accreditation and licensing of educational institutions. He noted that 8 out of 15 accredited educational institutions were higher, 5 secondary special, and 2 initial vocational institutions.

Head of the department talked about queries accepted by the department in connection with the licensing, as well as noted the participation of department's staff in seminars and international conferences. He also gave information on institutions that will be accredited, as well as noted the term for licensing will be prolonged in 2011.

Suggestions for holding the accreditation were made at the meeting.

Minister of Education, Misir Mardanov, gave its recommendations for both departments, and noted the importance to add the relevant issues to the 2011 work plan of Accreditation department.
