

---

On October 2, a meeting was held with the winners of the International Subject Olympiad for the 2020-2021 academic year with the participation of the Minister of Education Emin Amrullayev.

The meeting was attended by 24 winners of international subject Olympiads and heads of Olympic preparation teams.

Speaking at the meeting, Minister of Education Emin Amrullayev expressed confidence that every young member of the Olympic movement will become the best specialist in the country in the future. The Minister said that young people with special talents should be able to direct their skills in the right direction. At the end of his speech, the Minister of Education congratulated the winners and wished them success.

Then the winners of the Olympics were presented with gifts.

It should be noted that last year, our students won a total of 53 medals - 6 gold, 15 silver, 32 bronze, 10 incentive prizes in Olympiads of different scales for different age groups.
