

---

The team representing our country at the “VEX Robotics World Championship 2022”, held in the United States, has achieved great success.

Thus, the Azerbaijani team won the Energy Team Division Cup at the “VEX Robotics World Championship 2022”, which is listed in the Guinness Book of Records as the largest robotics competition in the world.

The team representing our country at the competition ranked among the top 20 teams in the division in which it competed. Our team has reached the finals and took the 6<sup>th</sup> place.

It should be noted that the competition was attended by 4,800 teams from about 50 countries, about 15,000 students.

With the support of the Ministry of Education, the Republic of Azerbaijan was represented at this year's “VEX Robotics World Championship” for the first time.
