

---

The conference was attended by Education Minister Misir Mardanov, Head of Masalli District Executive Power Gazanfar Agayev, officials of Education Ministry, Institute for Educational Problems, employees of Education Departments of Masalli, Lankaran, Astara, Lerik, Salyan, Yardimli, Jalilabad and Bilasuvar districts.

At first, guests got familiar with the handwork exhibition of pupils organized in the foyer of school.

Education Minister Misir Mardanov became acquainted with sport hall, library and classrooms of newly built school. He also took part in open lessons and expressed his satisfaction with the knowledge level of children and teachers.

Speaking at the opening of the conference Education Minister talked about reforms implemented in the education system of the country, increase in the number of newly built schools, and provision of all secondary schools with the most important equipments, including computer technologies. It was noted that educational reforms have almost given results. According to the minister, 525 schools in the emergency condition will repair and bring into line with modern requirements by 2013 based on executive orders signed by President Ilham Aliyev. Noting the use of new curriculum in recent years Mr. Mardanov underlined its efficiency and stated that works in this direction will be continued.

Speaking at the conference Head of Masalli District Executive Power Gazanfar Agayev noted the care and attention provided by the State to the education and noted successes reached by Masalli district in the education field.

At the end there have been given answers to questions from participants.
