

---

On May 29, there was an awarding ceremony for the teams that won the second and third places in the competitions held as part of "TEKNOFEST Azerbaijan" festival.

The Minister of Education Emin Amrullayev awarded the prize to the "Metaverse" team from Ganja FRITL and "SUM Builders" from school № 81 of Baku, that won the second and third places in category A of the "Baku Skills" competitions within the festival.

It should be noted that within the framework of «TEKNOFEST Azerbaijan» festival, 8 contests were organized among high school and university students and startups - "Baku Skills", "Unmanned Aerial Vehicles", "Robotics", "AgroTech", "Social Innovations", "Amateur Satellite Modeling", "GLIDER" and "Green Technologies". Competitions were held among the participants in 3 categories. More than 1000 teams, formed of more than 5 thousand young people, applied for participation in the competitions.
