A delegation from Kawashra Lyceum in North Akkar Governorate in Lebanon visited our country.

As part of the visit, Deputy Minister of Science and Education Hasan Hasanli met with representatives of Kavashra Lyceum. During the meeting, the opening of the "Azerbaijan Room" in the mentioned educational institution was highly appreciated.

The guests also visited the Baku European Lyceum and familiarized themselves with the conditions created in the educational institution as well as the learning process.

The delegation visiting the Steam Innovation Center was then briefed on the activities of this educational establishment.
