

---

On 11 October, Minister of Science and Education Emin Amrullaev met with a delegation headed by Minister of Education, Science and Culture of the Republic of Suriname Henry Ori.

During the meeting, the prospects of co-operation between the two countries in the field of education were discussed.

It should be mentioned that the delegation is on a practical visit to Azerbaijan from 10-15 October. The purpose of the visit, carried out within the framework of the project "Support to General and Vocational Education", is to study Azerbaijan's experience in the field of general and vocational education.

Within the framework of the visit it is planned to visit ADA University, Baku Higher School of Oil, STEAM Innovation Centre, Baku State Vocational Education Centre for Industry and Innovation and Educational Complex No. 132-134.
