

---

On April 25, the next meeting of the “Human capital” working group of the Commission on Business Environment and International Ratings was held in the videoconference format at the Ministry of Science and Education.

Head of the working group, Deputy Minister of Science and Education Idris Isayev and Sector Head of the Administration of the President Administration of the Republic of Azerbaijan, Head of the Secretariat of the Commission on Business Environment and International Ratings Vusal Shikhaliyev, made an opening speech and reported on the general activity of the working group in the past period, achieved successes and expectations.

Later, Roya Musayeva, secretary of the “Human capital” working group, gave a presentation on the dynamics of changes in indicators and possible innovations in the international rankings of the Action Plan for 2022 and 2023. Roya Musayeva brought to the attention of the participants the information about the work done, difficulties, as well as future plans.

The meeting continued with the presentations of Nijat Asadli, deputy director of the State Agency for Science and Higher Education, and Natig Mammadli, deputy head of the department of the Ministry of Economy.

In the end, decisions were made on the working group’s activity, current and other upcoming issues.
