Taking part in the World Education Forum, Minister of Science and Education Emin Amrullayev met with the management of "Clarivate Analytics" company, one of the most influential bibliometric and scientometric research companies in the world.

At the meeting with the delegation headed by Bar Weinstein, President of the company for work with academies and governments, the sides discussed scientometric indicators of Azerbaijan in recent years.

It should be noted that on the initiative of the Ministry of Science and Education, since 2023 all scientific and higher education institutions have been granted access to the scientometric database "Web of Science" of the "Clarivate Analytics" company.
