

---

Azerbaijani delegation headed by Deputy Minister of Science and Education Hasan Hasanli continues its participation in the UNESCO's Digital Learning Week.

On the second day of the event, the Azerbaijani delegation participated in a number of plenary sessions on the topics of digitization of education, the use of artificial intelligence in education, and green and digital challenges.

Within the framework of the event, Deputy Minister of Science and Education Hasan Hasanli met with the President of the UNESCO General Conference Simona Miculescu and UNESCO Deputy Director General for Natural Sciences Lidia Brito. During the meetings, the current state of cooperation with UNESCO in the field of science and education and the prospects for the development of cooperation were discussed.

It should be noted that other bilateral meetings are scheduled for the coming days.

UNESCO's Digital Learning Week will run through September 5.
