
Date of creation: 2021

Aim: To support the training of students in accordance with the requirements of the current market economy and their adaptation to technological changes, and to improve students' IT knowledge and skills.

Information: The “Code Academy and “Algorithmic”, with whom we have formed partnerships, offer students intensive 4-month courses in programming, network administration, IT specialization, system administration, web development and quality assurance (QA). The “Code for the Future” project involves students studying at Azerbaijan State Pedagogical University, Azerbaijan State University of Oil and Industry, Azerbaijan University of Architecture and Construction, Azerbaijan Technical University, Baku State University and Sumgayit State University.

Scope: Over the past 3 years, more than 4000 students have graduated from the “Code for the Future” project. And in the current semester, about 900 students are studying within the project.
