Deputy Minister of Science and Education Mr. Hasan Hasanli took part in the Ministerial Dialogue entitled "Transforming Tomorrow Today: Skills needed for a Sustainable Future," organized within the framework of the 43rd session of the General Conference of the United Nations Educational, Scientific and Cultural Organization (UNESCO). At the Ministerial Dialogue, representatives of ministries of education from various countries and international organizations delivered presentations, discussing issues related to the "green" and digital transitions, as well as equipping future generations with sustainable skills.

Deputy Minister of Science and Education Mr. Hasan Hasanli held a series of bilateral meetings during the conference.

The Deputy Minister met with Dogdurkul Kendirbaeva, Minister of Education of the Kyrgyz Republic; Teodoro Lonfernini, Secretary of State for Education and Culture, Universities and Scientific Research, Youth Policy of the Republic of San Marino; and Conte Fassinetto, Deputy Minister of Higher Education, Research and Innovation of the Republic of Guinea.

During the meetings, the current state and prospects for the development of cooperation in the field of education between the countries were discussed.
