On April 6, during the Second Rectors' Forum held in Almaty, Kazakhstan, Minister of Science and Education Emin Amrullaev met with Sayasat Nurbek, Kazakhstan's Minister of Science and Higher Education.

During the meeting, the participants discussed issues of bilateral cooperation with the Republic of Kazakhstan, as well as prospects for development in the fields of science and higher education.

Then, familiarization with the facilities and conditions created at the International University of Innovation and Technology (InnoTech) of Kazakhstan took place.
