The competition is held to review the research projects carried out by students of 9-11 grades of secondary schools, select Azeri students who have achieved the serious research results and ensure their participation in the Intel ISEF – International Science and Engineering Fair held annually in the USA.

The competition is jointly organized by the Ministry of Education, Ministry of Youth and Sport and "Madad" organization. Moreover, a number of universities will be provided scientific support to the competitors so they will be able to use the latest laboratory equipments of these higher institutions.
