The new system for recognition and determination of equivalence of foreign diplomas has some superiority in terms of organizing the nostrification process in accordance with modern requirements. It opens wide range of opportunities for citizens to submit an application, serves to the transparency and elimination of subjective factors.

it should be noted that the Republic of Azerbaijan has joined to the Lisbon Convention on the Recognition of Qualifications concerning Higher Education in the European Region in April 1997 and the execution of the process has been entrusted to the Ministry of Education since 2000.
