The journalists were shown the conditions created for SABAH groups, attended lessons and talked witwith teachers and students. Visit to the SABAH hostel, the student's life after lessons also aroused interest of the media members.

The journalists were informed about importance of the project. It was noted that, all the teachers of SABAH groups passes the relevant commission of the Ministry of Education. The main goal of SABAH groups is to establish educational environment for students meeting modern requirements.

Also, it was noted that, SABAH groups are taught English in accordance with the curriculum. The foreign teachers also take an active part in the training process. The students educated in these groups are provided with special scholarship, free hostel and three meals a day.

Aida Guliyeva, dean of the SABAH groups center of ASUE spoke about conditions established for SABAH students in the university. Aida Guliyeva noted that the lessons of the students of SABAH groups are organized on a special program. Study of English and main subjects is given a special place. Within the study period, the students have opportunity to meet with company executives, public members, officials. And this increases the future career and employment opportunities of SABAH groups students significantly.

The Then the emedia emembers to acquainted twith roon ditions testablished for ustudents in ISABAH hostels and had dinner with the students.
