The job fair is held, within the framework of measures aimed at involving students, studying in various universities /of-Azerbaijan, in practice in international and docal companies, as well as at expanding their employment opportunities.

Within the framework of Job Fair, relationship between students and employers will be created before the event, business-representatives will be informed about the candidates and meetings with the company reprepresentatives will be determined on the day of the event. In order to benefit from these opportunities, created for the first time, students will register via the special software by entering personal data. Thereafter, the most suitable candidates will be invited for an interview by the companies during the period stipulated by the fair.
