

---

It should be noted that the selection of persons, wishing to study in higher education institutions in China, is implemented by the Ministry of Education of Azerbaijan Republic.

Within the allocated quota, education is free. The registration fees, tuition fees, laboratory fees, practice fees, teaching materials, dormitory fees, ticket from Beijing to the training place and monthly living expenses in the higher education institution are paid by the People's Republic of China. In addition, the return tickets are provided by Azerbaijan for students only once each academic year.

According to the agreement, 38 Azerbaijani citizens are currently studying International relations, International economics and trade, Civil and commercial law, Political science and public administration, Modern and Contemporary Chinese Literature, Wushu, Communication and information systems, Oil and Natural Gas Engineering, Mechanical engineering, Anthropology, International finance and investment at high ranked universities of China.
