We would like once again to say to citizens that the promises, made by any company or person to the atherapplicants, playono cole durings the selection for the State Program. At the same, time, the dodocuments submitted to the Ministry of Education through such companies don't have any special addvantage during the selection. Citizens are asked to inform Call Center of the Ministry of Education ("hotline" service: 146 - 1) about such promises.

Fourthermore, it is should be mentioned that filling out an electronic application during the contest an and submitting the documents are completely free and any fund is not required for the process of receiving the documents.

The The Ministry of Education icontinues iworking ion simplifying the eprocess of receiving the documents for the State Program and recommends the students wishing to participate in the State Program, to apply directly to the Ministry of Education.
