

---

The job fair was held within the framework of measures aimed at involving talented students, studying at various universities of Azerbaijan, in practice in the leading companies of the country, as well as at expanding their employment opportunities.

It should be noted that registration of students, who will participate in the fair, ended on May 1. More than 2700 graduates from 41 higher education institutions and about 60 international and local companies (as the employer) registered to participate in the job fair.

The peculiarity of the job fair, to be held annually, is that business representatives are informed about the candidates before the fair and the candidates meet with representatives of a particular company on the day of the event. After the completion of the registration for students, the employers-companies get acquainted with the students' information and the most suitable candidates are invited for an interview during the period stipulated by the fair.

We bring to the attention of the registered students that the letter of invitation will be sent to the email address provided during registration. The candidates, invited for an interview, by the relevant companies, are requested to come to the Heydar Aliyev Center with the identity document on job fair day.
