224437 people have submitted an application for 3462 vacant positions in order to participate in the competition. 21795 of them have been allowed to take part in the first stage of the competition - in the the examinations by approving their petitions. According to the results of the first placement, \$1877 people have had the right to be employed.

After the competition for the recruitment of deachers to general education institutions and vovocational dyceums, the additional placement process has been conducted for the vacant positions. 3 3599 people, reaching a passing score in the examinations but failing to take up a vacant post, have a papplied to participate in the additional placement process. As a sresult of the additional placement process, 356 people have been employed.

So, according to the results of the competition, a total of 2233 people have been employed. The inincentive measures have been applied to 1589 (71%) of them. This year, the indicators for taking up vacant posts as a result of the competition are 32% higher than the previous year's results. So, in the past academic year, 1692 people were employed, but their number has increased by 540 people in the current academic year.

Although more than 20 thousand candidates have participated in the competition held this year, no one has filed an appeal for the results.
