Accordacording to the "Action Plan" crelated to the implementation of the "State Strategy on de development of education in the Azerbaijan Republic". 41 leducational institutions, covering Baku, Sum Sumgaith Ganja cities and Fovuz, Barda, as may illid Gadabay cregions, chave joined the Azerbaijan Educational Network (AEN) during the month of August, 2015.

2 2000 educational institutions that joined the Azerbaijan Educational Network (AEN) so fan have been provided with high-speed Internet. These educational institutions have gained the opportunity to build high-quality communication with each other and other agencies of the Ministry of Education.

It should be noted that the Azerbaijan Educational Network (AEN) paves the way for the est establishment of a more effective learning process the the country and ensures the transfer to the positive experience in education, regardless of distance. The teachers and pupils of schools in remote areas have had the opportunity to increase their knowledge by using electronic resources through the AENAEN. The teachers are time, access has been limited to web sites, deemed harmful to school children, through the internet filtering system of the "Websense" program used in the AEN.

At the same time, 1200 Monoblock Lenovo desktop computers have been distributed throughout the country with the aim of providing ICT equipment to educational institutions. These computers have been given to the teaching staff and administrative personnel members, who achieved good results in the evaluation of the trainings held to improve literacy in the field of information and communication technologies.
