
The contest, dedicated to the use of information technology in education, is organized in 6 categories on the "Teacher" and "Student" directions.

The purpose of the contest is to encourage teachers who actively use information technology in the teaching process and to support their activities, to promote the best electronic teaching aids among a wide audience of users, to inform the educational community about the new teaching methods implemented by using the possibilities of the internet, to seek new forms of ICT application for teaching purposes, to expand the use of electronic resources in educational institutions, to motivate teachers and students to create electronic resources and to use the available resources.

The contest may be attended by the teaching staff of educational institutions, the Methodist experts of institutions engaged in advanced training and retraining of teaching staff, as well as the students. Those wishing to participate in the contest should be registered on the page www.musabiqe.edu.az and must fill out an application. Laptops, tablets, printers and other special prizes will be presented to winners.

The contest is supported by "Dr. Web ", " AzEduNet ", " Ultra ", the Additional Training Center for "Innovative Technologies in Education", "Edumedia Azerbaijan" and "Nar Mobile".

It should be noted that in general, within 6 years, more than 5000 projects have been submitted to the contest held since 2010.
