Another sports festival was held at secondary school No. 23, named after T. Hasanov in Baku, under TOPs (creation of modern educational technology in physical education) joint project of the Ministry of Education, British Council and Bakcell.

The festival saw juniors and seniors pupils compete in different sports, and also featured their musical performance.

A joint project of British Council, Ministry of Education, Sport for Development Public Union and Bakcell, TOPs aims to equip physical education teachers with new skills on modern educational technologies in physical education. The project involves more than 200 physical education teachers in 36 general education schools in Baku and Sumgayit.

Open classes involving the physical education teachers, who attended special trainings, were held under the project with the aim of increasing quality of physical education. As a result of the project implementation, active teaching methodology was developed for the application of the subject program on physical education at general education schools, benefiting more than 35,000 pupils.
