

---

The Ministry of Education has announced a competition for the transfer of teachers, who are employed on termless contracts (on the permanent basis) in secondary education institutions and vocational schools, from one district (city) to another.

The teachers who want to participate in the competition must submit an online application form through [www.miq.edu.az](http://www.miq.edu.az). Applications close on June 12.

Several changes were made to rules of the competition this year. One of them is that applicants will have the opportunity to choose a vacancy only after passing a test. Each applicant can choose four vacancies.
