

---

Applicants, who achieved the pass mark at a teachers' enrollment contest held on September 3-5, 2016, but did not qualify for the interview stage as their score was not enough to get the vacancy they chose, have been placed in jobs.

A total of 4432 candidates chose vacancies and submitted applications through their personal accounts. 777 of the applicants advanced to the interview stage.

The applicants have been notified through their personal accounts of the results of the placement, and date and venue of the interview stage.

The applicants are requested to bring their ID card, diploma and its insert when they come for the interview.
