
The head of state cut the ribbon symbolizing the inauguration of the 240-seat school.

The construction of the school started last year. The school occupies a total area of 2,900 square metres. A bust of national leader Heydar Aliyev was installed in the foyer of the school. There are photo stands reflecting national leader Heydar Aliyev's and President Ilham Aliyev's attention to the development of education in the country, as well as their visits to Beylagan.

All conditions have been created at the school.
